

[Phaser Estim Software 1](#)

The screenshot shows the "ESTIM for Windows" application window. The menu bar includes "Estimates", "Edit", "Resources", "Configuration", and "Help". The toolbar contains various icons for file operations and navigation. The main content area displays the title "Nominating ESTIM users" in yellow text. Below this, there are two dialog boxes. The "Users" dialog box is the primary focus, containing a "Select user" section with "Initials" (U1) and "Name" (User One) dropdowns. The "Details" section includes fields for "Initials" (U1), "Name" (User One), "Job title", "Email", "Extension", and "Mobile". The "Options" section has checkboxes for "Part editing", "Resource editing", "Current", and "Supervisor". A "Change Password" dialog box is also visible, showing "User name: User One" and a "Password:" field with a "Close" button.

- Security is ensured using password protection and three levels of access.
